VOLUME 57

PLYMOUTH, INDIANA, THURSDAY, JUNE 1, 1911.

NUMBER 22

## PREPARING FOR A NEW CITY GARBAGE SYSTEM

Council Hear Report of Health Officer Martin and Consider Best Methods of Providing for the Disposal of Garbage—Medical Inspection of School Children.

In all probability the next session of the city council will see the passage of an ordinance requiring everybody to have a garbage can for the depositing of the garbage now usually thrown into the back yard or alley. As explained by councilman Clizbe, Warsaw is a system of this kind and it works admirably. The cans cost \$1.12 each, the city buying them and furnishing them to the citizens at cost. The citizens having the cans, pay for the can and also for hauling the garbage away.

The Minneapolis plan of having all the garbage wrapped in papers being put into the can was also discussed, but a difficulty in the way of this is that not all of our people have sewer connections so that they can drain the water off the garbage, and no place but in the back yard to throw their dish water.

### Valuable Report.

City health officer Dr. Martin made a valuable report to the council last night and all who were present appreciated the interest he has taken as well as the good things he said for benefit of the city. He reviewed briefly the speeches at the last meeting of the State Board of Health, giving the important things said there.

Thirty years ago our sanitary system was inaugurated and it has wrought a marvelous change in all the cities of our state, said Judge C. C. Hadley, in opening the state meeting. He closed by pronouncing the highest encomiums upon Dr. J. N. Hurty, our state health officer. The privy vault was condemned as the most unsanitary thing which exists today in our larger cities. State Food Inspector Barnard told of the importance of requiring the sale of pure foods, and placed on the local health officers the duty of prosecuting violations of the pure food laws.

Medical inspection was given a prominent place. The new law requires that the teacher and parent know the physical condition of the child so that they may know how to deal with him. Proper care of teeth was a prominent thing in the health of the child.

### Conditions in Plymouth.

Dr. Martin got down to local conditions. He said there should be an ordinance providing for garbage disposal. Manure piles should not be allowed, but should be put into enclosed boxes or cans; privy vaults should be kept closely covered; the sewage which we turn into Yellow river to let run through the city is a constant menace, he said; flies should be destroyed so they will not carry diseases which kill us and our children.

Dr. Martin read an ordinance which has been recommended by the State Board of Health covering all these points. The council favored the passage of the ordinance and referred the matter to a committee and the city attorney report at the next meeting of the council.

Several citizens were present and took an interested part in the discussion of the garbage ordinance. The ladies said that garbage receptacles were the crying need of the housewife during hot weather, and they hoped the council would provide relief for them in this respect.

Mr. Geo. Thayer spoke for the school board and said that the members had done much in improving the sanitation of the two school buildings and he believed they would begin the medical inspection of children next fall under the new law. They would have done so before this if they had had any authority to do so.

### Appointed Deputy Surveyor.

A. North of this city has secured the appointment of deputy surveyor of Elkhart county. He went to Goshen Thursday to commence work.

### PROMOTER CREAMERIES FAIL.

Four Plants Recently Started Go To Wall, Some of Them Heavily In Debt.

During the last two or three years was a time for the promotion of cooperative creameries in Indiana. Quite a large number of these were started, and some have succeeded so far, but several have already gone to the wall. Among those that have failed are the Galveston, Reynolds, Kempton and Covington creameries all in the state. The Galveston plant cost \$5,000 and when it closed its doors it had indebtedness of \$7,000. Perhaps not more than \$1,000 can be derived from the plant and machinery.

As is well known, the promoters who start these creameries care for nothing except to sell the machinery. When that is done they let the stockholders hold the bag.

### BARNUM'S BIG CIRCUS.

Worlds Best Show to Exhibit at Logansport on Wednesday, June 7

The people of Logansport and vicinity are to be given an opportunity of seeing the Barnum and Bailey Greatest Show on Earth which will give two performances in that city on Wednesday, June 7.

A company of 400 of the world's most prominent circus talent, principally European, will present an array of novelties, there will be an elaborate forenoon parade and a new menagerie. In the menagerie among many other wonders is to be found Baby Bumbo, the only giraffe ever born in America. It is just one year old.

Among the more sensational numbers on the long bill are John Dunder's company of bell-ringing horses, from England; the Fonelli company of Italian acrobats, the Siegrist-Silbon family of German aerialists, Jupiter the balloon horse, Charles the First, a chimpanzee bicycle rider and roller skater, the great Georgetown family of French jugglers, the Les Deko and Les Silvas family of French equilibrist, Noonan's brass band of elephants, Capt. Winston's troupe of riding and juggling seals and sealions, Berzack's company of mule and pony actors, Nederwald's dog and monkey circus, Victoria Codona, the world's greatest wire dancer and the fifty funniest clowns in the world.

The Barnum and Bailey circus is now at the zenith of success. It travels on a train more than a mile in length. It employs 1,286 people and has 700 horses. In the menagerie are forty elephants and over 1,000 other strange animals. The show carries its own dynamo illuminating the twenty tents and the show grounds with 4,000 incandescent lamps, are lights, search lights and beacons.

### New Suits Filed.

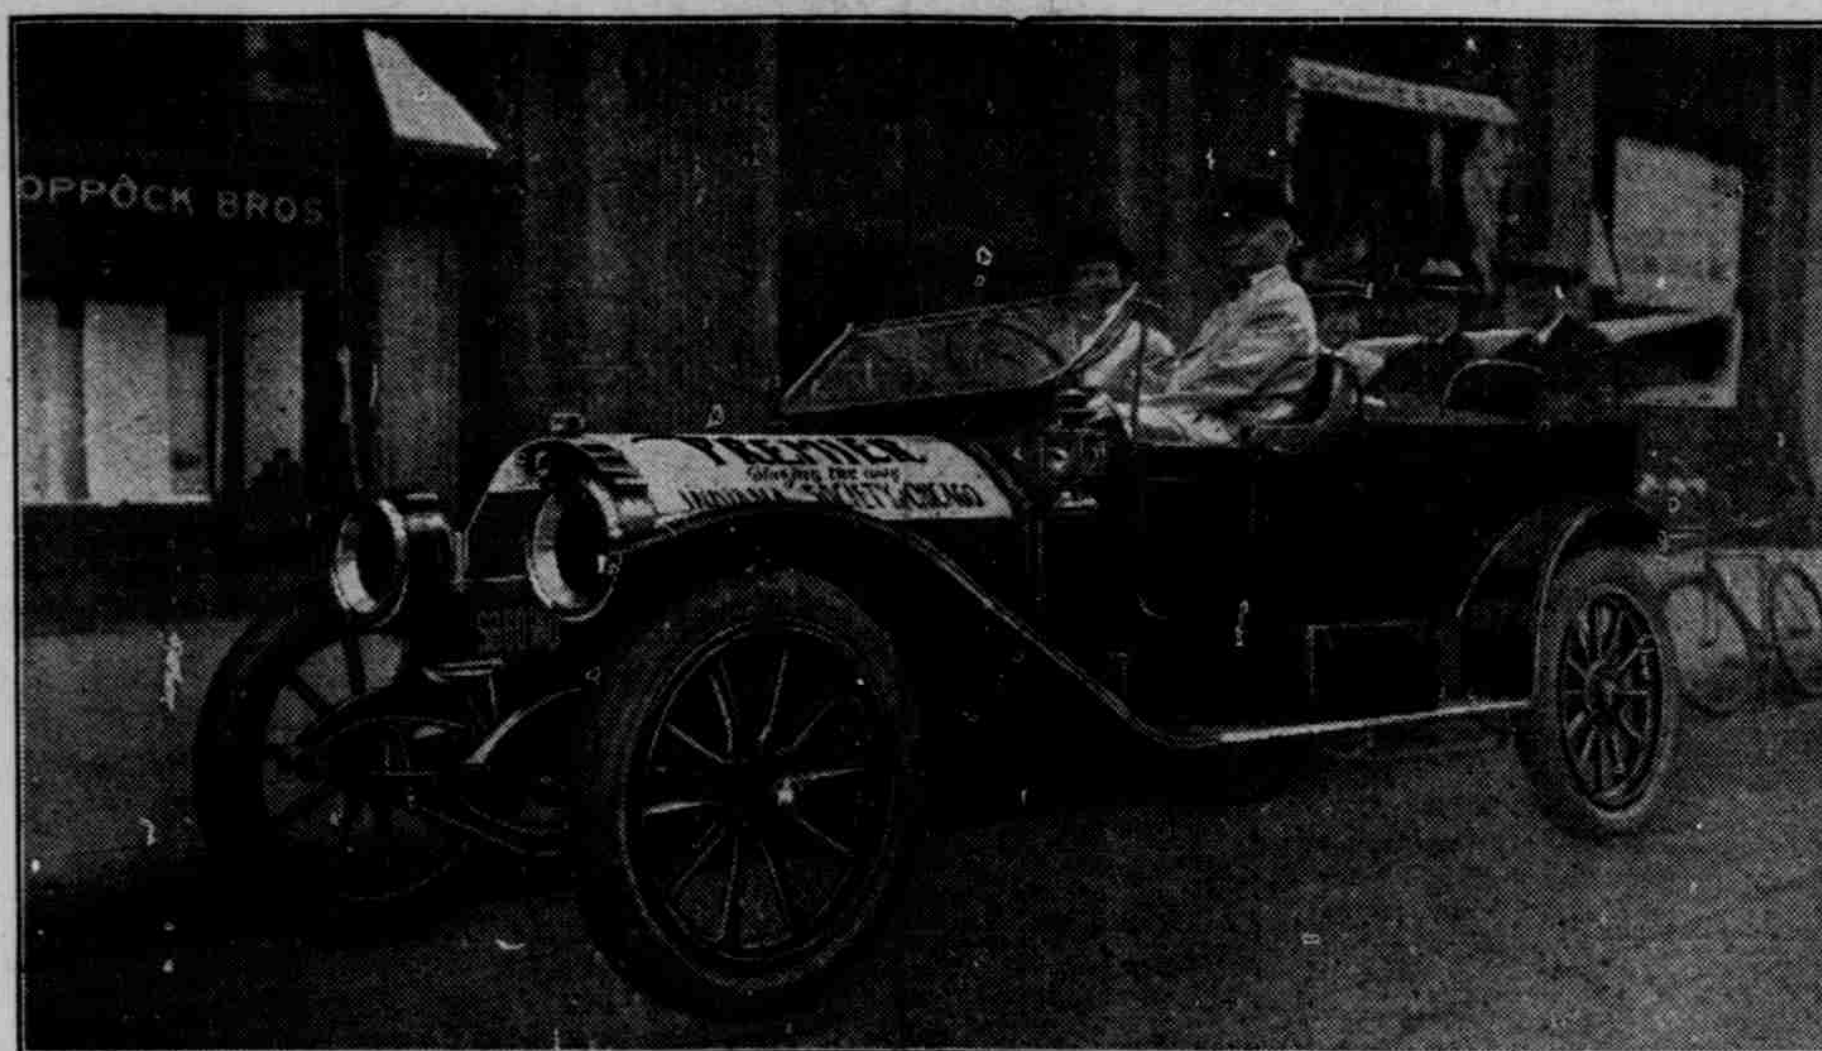

Wm. Biggs vs. Jas. Biggs et al to set aside will.

Forest E. Bucher vs. Mand M. Bucher, divorce and custody of child.

Riley B. Dawson vs. Thomas F. Crull and Bertha Crull, to reform deed.

### Marriage License.

High Sibert, 21, Tyner, to Hazel Davis, 19, Marshall county.

### INDIANA SOCIETY PATHFINDER

The pathfinding party for the "Home Coming" of the Indiana Society of Chicago passed through this city Thurs. Seated in the Premier touring car in which they are making the are [left to right] W. McK. White, Charles A. Bookwalter, George H. Moore, P. P. Willis, E. E. Stafford.

## SCALE CAN BE CONTROLLED SAYS EXPERT

C. G. WOODBURY OF PURDUE UNIVERSITY TELLS HOW WASHINGS WITH COLD WATER WILL HELP.

## KEROSENE SPRAY GOOD

F. A. Forbes Receives Letter From State Institution Which Throws Some Light On Problem.

The following letter from Associate Horticulturalist Woodbury of Purdue University will throw some light on the maple scale now on the trees in our city:

Mr. F. A. Forbes, Plymouth, Ind. Dear Mr. Forbes:— I have your letter of May 19 enclosing specimens of scale insects on maple twigs.

This scale is known as Pulvinaria Innumerabilis. It has several common names, such as cottony maple scale, grape vine scale, etc. This is quite common on both maple and grapes. Its outbreaks are generally sporadic and brief in duration owing to a number of diseases and parasites to which it is more or less subject and which usually hold it fairly in subjection. The cottony masses which are just beginning to be pushed out from under the scales contain the eggs which should begin to hatch before very long. Where good water pressure is available, the insect can be controlled fairly well on trees by repeated drenching with cold water from the hose about the time the young lice are hatching out and crawling about over the tree. Spraying at this time with kerosene emulsion is also effective but of course is more expensive and troublesome. Spraying with concentrated lime-sulphur during the winter is also good.

With best regards, I am, Very truly yours, C. G. Woodbury, Associate Horticultural Dept. Purdue University.

### Double Birthday Party.

Last Friday Brad Southworth and little Helen Mary, his grand-daughter were given a party in honor of their birthdays. The former was 66, and the latter six months old. Both received the congratulations and the party with grace.

### Granted Liquor License.

Garland W. Bozard, who was refused a liquor license by the Marshall County Commissioners this spring, and who sued the Commissioners, was today granted a license by special Judge Lemuel Royce of Warsaw.

### ONE KILLED AT RACES.

Plymouth People Attend Auto Contest At Indianapolis Tuesday and Witness Tragic Death.

A large number of Plymouth people were down to see the great automobile races at Indianapolis Decoration day. Among them were Dr. L. D. Eley and son Conroy, F. H. Jacob, J. L. Warren and Lloyd McFarlin, C. Firestone, and sons, Bert and George, H. A. Shambaugh, Henry Hamrichouser, Mr. and Mrs. Floyd Jacoby, Fred Kuhn and Miss Anna Mullenhour.

These people are telling many wonderful stories about the races. They witnessed the accident which caused the death of the only person killed, mechanic Dickson, of the Amplex Car of Mishawaka. The tire blew up and the driver attempted to continue his run and the car turned over.

### Bride and Groom Visit Here.

John Andrews and his bride, formerly Mrs. Hulda Weatherholt, returned to their new home in Kenton, Ohio, after a short but enjoyable visit with the bride's parents, Mr. and Mrs. John Hoagland of Donaldson.

The couple were united in marriage Friday, May 19 at the home of the groom's sister in Kenton, by Rev. J. Richard. After receiving the warm congratulations from their guests which were their near friends and relatives, a five course luncheon was served in a prettily decorated dining room, the table being decorated with American Beauties and ferns. Some very handsome presents were given to them and the wish of all their friends is a long and happy life.

### Polk Township Commencement.

The public schools of Polk township held their annual commencement program at the U. B. church at Tyner Saturday evening. The orchestra furnished delightful music. Prof. Bonebrake delivered the address of the evening. Fred Stull gave the Class Introduction, Ruth Fulkerson the Salutatory, and Carl Mead the Valedictory.

The list of graduates is as follows: Homer Campbell, Marvin Morris, Mina Smith, Albert Aeppli, John Haag, Byron Haag, Ruth Rust, Willis Ruff, Ennis Ruff, Chester Brook, Roscoe Sarber, Wilda Sheaks, Ruth Fulkerson, Fanny Chart, Chester Bowers, Harley Beck, Carl Mead, Charis Morris, Herman Holm, Omer Sibert, Anton Burgstedt and Arthur Long.

### Elkhart 5; Plymouth 2.

The Elkhart White Sox defeated the home team 5 to 2 Sunday afternoon at the Fair Grounds. The boys put up a good fight and made an interesting game throughout. Burwell of Bourbon, pitched his usual good game, fanning out a large number of men. Ott Long entered the box in the ninth.

### Leave for the West.

Mrs. Idella Hahn and son Donald will leave Thursday for their new home in the west. They will go to Dickinson, North Dakota, where Harold preceded them several months ago. Mrs. Hahn has a brother, George Senour and a sister, Mrs. Alice Poland, at Dickinson.

## VAN GUARD OF "THE FATTED CALF SOCIETY"

PATHFINDERS FOR THE HOOSIER INHABITANTS OF THE WINDY CITY PASS PLYMOUTH.

## PREPARING FOR MEET

Ex-Mayor Bookwalter of Indianapolis In Premier Car Marking Out Best Way to Indiana Capital.

Carrying enthusiastic members of "The Fatted Calf Society" of Indianapolis, under the direction of ex-Mayor Chas. A. Bookwalter, there arrived here Thursday in a big Premier touring car which is mapping out an automobile route for the Indiana Society of Chicago.

On June 23 and 24 there will be the great annual celebration of those Hoosier inhabitants of the Windy City who trek back to their native soil, roll up their sleeves and enjoy some good old fashioned Hoosier fun, and the party which passed through this city today is carrying out one of the details planned long ago. Half a thousand former Indiana men and women will journey through the state on those days, most of them upon the special train over the Monon, but it is known that a goodly number will motor to and fro their early haunts.

Through the courtesy of H. O. Smith the Premier car which was declared winner of the 1910 Glidden four by the referee, is laying out the highways and byways which will best take the Chicago Hoosiers to and from Indianapolis, is showing them the quickest way to get there, and they may wonder as they like after the festivities on the Big Smith farm at Indianapolis. The tourists who were here Thursday are on their way to Chicago via Logansport, Rochester, Plymouth, South Bend and Laporte a distance of 240 miles, and Friday they turned southward again via Valparaiso, Bensenville and Lafayette, 203 miles.

The motorists left Indianapolis at five o'clock in the morning and were started upon their journey by Booth Tarkington and Meredith Nicholson. In the car were Mr. Bookwalter, W. McK. White, George H. Moore and P. P. Willis. They expect to be met upon the outskirts of Chicago by George Ade and members of the Chicago part of the now-famous organization.

### New Suits Filed.

Otto M. Thompson and Jennie B. Thompson vs. Beecher Stout and Harry E. Fuller for damages and fraud.

## WALNUT TOWNSHIP VOTES "DRY" BY 51

In a Total Vote Cast of 489 Majority Against the Saloons Is Greatly Reduced—Dry Majority Two Years Ago Was 284 In a Vote of 551.

### REV. BAKER INJURED.

Sprains Both Ankles Saturday While Out With the Boy Scouts At Fair Grounds.

Rev. C. G. Baker, pastor of the Christian church, sprained both his ankles Saturday while at the Fair Grounds coaching the Knights of the Holy Grail in base ball and athletic sports. It was with difficulty that he was assisted to the home of Frank Cullison on north Michigan street, whence a buggy conveyed him to his home on west Garro street. On account of his injury Rev. Mr. Baker was unable to be at Culver Sunday to fill his pulpit.

Mr. Baker was jumping with the boys when the accident happened. The ball team they expected to organize was not completed, but will be tonight and on Tuesday night, when meetings will again be held at the Fair Ground park. The boys enjoyed much sport Saturday in spite of the accident which cut short the plans of the afternoon.

### Philadelphian Class Supper.

The Philadelphia Young Women's Class of the Presbyterian Sunday School was entertained at a yard supper at the home of their teacher, Mrs. M. E. Hume, last evening. The supper was in the nature of a farewell to the three members who are soon to leave Plymouth, Mrs. Idella Hahn, Miss Emma Chesney, and Mrs. A. A. Aekerman.

Tables were set in the beautiful Hume yard, under the oaks, and a delicious feast was spread. It was enjoyed by about fifty people, members of the class and their families, neighbors and friends. The Hume, North and Jacob families are famous for these neighborhood suppers, which through the years included hundreds of persons, to each of whom such an occasion must remain a pleasant memory.

### MARRIAGES

#### Rimer-McCreary.

Mr. Oscar H. Rimer of Rimer, O., and Miss Glenna Z. McCreary, of the Rutland community were quietly married Saturday evening in the Evangelical parsonage at Culver, Rev. T. J. Russell officiating. Miss McCreary is a highly esteemed young lady of her community and Mr. Rimer is a prosperous young farmer and comes of excellent parents. The new couple will go to Mr. Rimer's farm near Rimer, O.

#### New Latin Teacher.

Miss Margaret Daniel, a graduate of Chicago University, and a resident of Chicago, has been chosen by the School Board to take the place in the High School left vacant by Miss Emma Chesney, who will go to Montana to teach next year. Miss Daniel has had two years experience in teaching, in the Joliet Township School. She will teach Latin and German in Plymouth.

### Advertised Letters.

J. B. Rittenhouse  
Milo Hoffman  
Harrie Hastler  
Mr. and Mrs. John Gudd  
Robt Cox  
Barney Wohelfell  
Ladies  
Mrs. Chas. Calahan  
Miss Carrie Price  
Flow Harris

### New Suits Filed.

Ditch Petition of Susie A. Shadley et al.

Walnut township voted against the saloon yesterday by a majority of 51 in a total vote of 499. In the county option vote of 1909 Walnut gave a dry majority of 284 in a total vote of 551. The vote yesterday was only 62 short of the full vote two years ago.

The returns from the four precincts show the following results:

	Dry	Wet	Dry Maj.	Wet Maj.
Prec. 1	67	59	8	
Prec. 2	73	74	1	
Prec. 3	72	22	50	
Prec. 4	58	64	6	
Totals	270	219	58	7

Dry Majority 51.

Precinct three is in the vicinity of Walnut and shows where the majority came from. The other three precincts are partly in Argos and partly in the country. The campaign was a quiet one, nobody on either side making any special effort to get out votes or influence votes. The difference in the dry majority this election and two years ago is said by Argos people to be caused by the conditions then and now. Then the township was ready dry by remonstrance and they were voting to put saloons out of Plymouth, as much as against a saloon as an institution. In county vote it is felt that the township would have gone about dry.

### AT POPLAR GROVE.

Decoration Day Will be Observed Next Sunday, June 4 In the Afternoon.

The following program will be observed at Poplar Grove church Sunday afternoon, June 4, at 2:30. Comrades and Ladies Relief Corps and all other veterans and also the children that desire to take part in the service will meet at 2:30 p.m. at the church. The column consisting of G.A.R. and Ladies Relief Corps and the children, led by the juvenile Band of Culver, will form at 2:30 on the road west of church and under the direction of the officer of the day will march east to the church, where the following program will be observed:

Musie ..... Band  
Invocation ..... Rev. Norris  
Song ..... Choir  
Lincoln's address at Gettysburg  
Song ..... Choir  
Oration ..... Rev. Vermillion  
Musie ..... Band  
Free will offering and song by Choir  
Song ..... America  
Formation and march to cemetery where the graves of fallen heroes will be decorated by the children. Comrade Hess will lead the procession.  
J.E. Myers.

### Shears 40 Head a Day.

F.W. Williams, the auctioneer, has been shearing sheep the past three weeks. He has sheared over 600 head and has over 200 head yet to shear. Mr. Williams can shear with hand shears, an average of 40 head of sheep a day, and do it well too.

### For Your Next Sale.

Remember that I am in the Sale business, with headquarters at Astley & Hoham's store, where all sale dates will be made. Give me a call for your next Sale and I will do all in my power to make your sale a good one. Phone 870. F.W. Williams. 57-57-1

Miss Edna Nicoles and Miss Lois North are home from Kendallville, where they have been teaching, and will spend the summer in Plymouth.
